PREFACE.

1. This preface has been written with reference to all the Gazetteers of the series not for this volume in particular.

2. All the tables and other statistics in Parts I and II of the B Volumes of the Gazetteers have been prepared in the offices of the respective districts from their own records; we have referred to the Deputy Commissioner for corrections numerous cases in which an apparent error has been noticed in the census office, but we could not accept responsibility for the accuracy of the figures. The vital statistics in Part II have been noted as differing in many cases from the corresponding figures in the provincial sanitary or health reports, but have generally been allowed to stand as submitted by the *Deputy Commissioner.*

3. Part III, which was also prepared in the District offices, is probably correct as a rule so far as it relates to the census of 1921 and within the normal range of error of such a tabulation. There are doubtlessly a few errors still remaining in some districts in the list of existing village-tracts. The names of some village-tracts have no doubt been omitted and the corresponding population assigned to some other village-tract; while on the other hand some hamlets which form only parts of village-tracts may have been listed as separate village-tracts. But persistent efforts have been made in the census office to remove these defects, and district officers have generally seconded these efforts willingly; the residue of error is a result of the defects in the records of village-tracts in most districts to which reference was made in the preface to the 1911 edition of this Gazetteer. The entries in column 19 of the tables of Part III must always be regarded as approximate unless all the serial numbers of the table of 1911 are accounted for; efforts were made to get this column as correct as possible, but it would hardly be possible, to achieve finality and in some localities it had to be given up. In many cases it has been reported that the village-tract represented by some name in the 1911 edition could not be discovered; but generally if a blank is shown in this column it may be supposed that the village-tract has been formed by the subdivision of some tract of 1911. In any particular case in which further enquiry is necessary it is suggested that an examination of the *kwin* maps of the Land Records Department and of the corresponding

assessment rolls (which are required to be divided according to the tracts of the headmen who collect the revenue) will furnish the required information if carried through a series of years.

4. It should be noted that in Part III the columns for Christians include, besides persons of all races professing the Christian religion, all Europeans and Anglo-Indians whether they professed that religion or not.

5. The term *Normal Civil Population* used in Part III of the book is defined in Chapter II of the Census Report of 1921 and includes all the population of the town or ward except the classes separately shown in the table, such as military police or travellers. The staffs of hospitals, jails, etc., are counted as normal civil population although the in-patients, prisoners, etc., are not.

6. Slip-copying Register A of the census of 1921, which is preserved in the record-room of each district, gives information similar to that of Part III of this volume for every hamlet in each village-tract.

KATHA DISTRICT.

PART I.—GENERAL INFORMATION.

INTRODUCTION.

Katha District.—A District in the North-West Border Division of Upper Burma lying between latitute 22° 42′ and 25° 07′ North, longtitute 95° 01′ and 96° 43′ East. Its area including Mogôk Subdivision (formerly the Ruby Mines District) is 8917 square miles and its population 253,725 in 1921. The population in 1891 was 107,232; in 1901, 219,209 (the district being enlarged in the interval by the inclusion of the Wuntho State) and in 1911, 245,597.

The administrative subdivisions and townships in existence on the 1st April 1922 are shown in the statement on the next page. Besides these regularly administered townships, there are two specially administered areas known as Katha and Mawlu Kachin Hill Tracts; these are also shown in the statement.

The Ruby Mines District was abolished and a new subdivision called the Mogôk Subdivision with Headquarters at Mogôk was added to Katha District with effect from the 15th November 1920 (Local Government General Department Notification No. 458, dated the 4th November 1920), since which the arrangements shown on the next page have been in force. Changes in the decade 1901—1911 were described in the 1911 edition of this Gazetteer.

STATEMENT A.—*Administrative Subdivisions (1st April 1922).*

NOTE.—If the headquarters town is not shown in column 1 or 2 it bears the same name as the subdivision or township respectively.

Village-tracts for which only a part of the population is shown are distinguished in column 4 by an asterisk.* Inmates of Jails, reformatories, hospitals, lunatic asylums, leper asylums; military police; travellers in trains or boats or in camps and similar classes of adventitious population are omitted throughout.

STATEMENT K.—*Rates of Wages.*

The average monthly wages are as follows:—

(*a*) *An able-bodied agricultural labourer* :—

(1) Katha Subdivision.—The averages may be reckoned as 70 baskets of paddy for a full agricultural season of five months (which is reckoned as Rs. 70 if payment is taken in cash), *plus* food at Rs. 6 per month, *i.e.*, Rs. 20 per month.

(2) Wuntho Subdivision.—Agricultural labourers are in most cases paid in paddy. They are not paid by day but by season. The pay of a skilled able-bodied agricultural labourer is 100 baskets of paddy for about seven months work. If not fully skilled the pay is less: the minimum pay is about 50 baskets for seven months.

(3) Banmauk Subdivision.—Fifty (50) baskets of paddy with free food at the daily rate of annas 3 from the commencement of the rains, *i.e.*, from June till the time of harvest in December following.

(4) Mogôk Subdivision.—Agricultural labourers generally receive Rs. 2 every Bazaar, *i.e.*, five days for food during eight months season and a proportion of harvest usually one-third averaging to 25 to 30 baskets a harvest.

(*b*) *A cooly*:—

(1) Katha Subdivision.—Rs. 17 without food per month.
(2) Wuntho Subdivision.—Rs. 20 without food per month.
(3) Banmauk Subdivision —Rs. 18 without food per month.
(4) Mogôk Subdivision.—Rs. 30 without food per month.

(*c*) *A carpenter*:—

(1) Katha Subdivision.—Carpenters and *Black-smiths* generally work as independent tradesmen after completing apprenticeship and are employed to do a given job for an agreed amount, *i.e.*, piece rate. However, some half-dozen blacksmiths are engaged at monthly rates by timber firms and for these the average pay is Rs. 38. One skilled wheelwright (carpenter) was paid *Rs.* 60 per month last winter, but apart from him all labouring carpenters seem really to be apprentice or "journeyman" workers on the lower average, *viz.*, Rs. 32 per month.

(2) In Wuntho Subdivision blacksmiths and carpenters are almost invariably paid in cash *i.e.* Rs. 50 and Rs. 45 respectively per month.

(3) Banmauk Subdivision.—Rs. 30 per month.
(4) Mogôk Subdivision.—Rs. 30 to Rs. 45 per month.

(*d*) *A blacksmith*:—

(1) Katha Subdivision.—See (*c*) (1) above.
(2) Wuntho Subdivision.—See (*c*) (1) above.
(3) Banmauk Subdivision.—Rs. 30 per month.
(4) Mogôk Subdivision.—Rs. 30 to Rs. 45 per month.

(*e*) *Average cart hire per day*:—

(1) *Katha Subdivision.*—Rs. 2 to 3 per day.
(2) *Wuntho Subdivision.*—Cart hire is paid by distance and is generally a little more than Government rates. It works out to Rs. 2 to Rs. 3 per day according to season; say on an average of Rs. 2-8-0 per day. This is always paid in cash.
(3) *Banmauk Subdivision.*—Rs. 1-4-0 per day.
(4) *Mogôk Subdivision.*—Rs. 2 to Rs. 4 per day.

* Military Police at Wuntho are not included in this entry but are given in a separate entry at the end of the list for this township.

† No entry for these three Village-tracts (Nos. 50, 69 and 63) appears in the 1911 tables; it is probable that the figures for their populations were erroneously included in those of some other Village-tracts.
